GUINNESS WORLD RECORDS™ LARGEST PHARMACOGENOMICS LESSON

OFFICIAL ATTEMPT

ADVANCING CLINICAL KNOWLEDGE | CREATING HISTORIC IMPACT

One Lesson. Many Experts. A Record-Breaking Milestone for Personalised Medicine.

A landmark lesson bringing together healthcare professionals and the healthcare community to champion clinical pharmacogenomics and precision medicine, while marking a record-breaking healthcare milestone. The lesson explores the clinical evidence establishing how genetics influences medication response, how pharmacogenomics is transforming clinical decision-making, and how personalised medicine is being implemented in real-world healthcare today.

CLINICAL KNOWLEDGE HIGHLIGHTS

What is Clinical Pharmacogenomics?

How can genes influence medication response?

How can pharmacogenomics information reshape clinical decision-making?

How can personalised medicine be implemented in real-world clinical practice?

JOIN THE LESSON. BE PART OF HEALTHCARE RECORD-BREAKING

Date: 5 November 2026 [Thursday]

Venue: T.J. Danaraj Auditorium,
Academy of Medicine of Malaysia, Putrajaya.

Time: 3:30pm - 6:00pm
